I. INTRODUCTION

Introduction goes here. Most TeX, *REVTEX* and LaTeX commands begin with a backslash. See the manual for a list of special, non-printing characters (Appendix B and Table 5).

To separate paragraphs, two "hard" returns must separate the text.

II. INSERT YOUR SECTION TITLE HERE.

Copy the above line to head each section. Section 2 text goes below. Please use the `\cite{RefTag}` [1] command to cite references in the text.

A. Subsections: Equations

Create equations, lists, and tables using standard *REVTEX* 3.0 macros. See the manual and examples for further instructions.

An example of an equation is

$$\Phi(n) = \frac{1}{2\pi} \int\limits_0^{2\pi} \mathrm{d}\varphi \left[1 - \frac{1}{3}\cos^2(\varphi)\right]^n = \frac{1}{2\pi} \sum_{m=0}^{n} \binom{n}{n-m} 3^{-m} \int\limits_0^{2\pi} \mathrm{d}\varphi \, \cos^{2m}(\varphi) \ . \tag{1}$$

III. ANOTHER SECTION

A sample figure is:

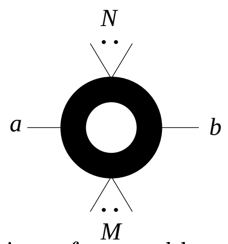

FIG. 1. The configurations of external legs that are summed over.

TABLE I. Please place your table caption here.

One	Two	Three	Four
One	Two[a]	Three	Four
